12, Nirmal Apt, Block -3, Nandanvan Colony,
Chh. Sambhajinagar

◆ Qualification

Government Dental College, Nagpur - MDS, 1994

Marathwada University - BDS, 1989

Saraswati Bhuvan College of Science - HSC Sharda

Mandir Kanyaprashala - SSC

◆ Designation

Professor and Head of Department, Department of

Oral and Maxillofacial Surgery, GDCH, Chh.

Sambhajinagar.

◆ Introduction

An Oral and Maxillofacial surgeon with more than 20 years of teaching experience. Adept in properly diagnosing and strategising best treatment plans for the patient. Devoted to promoting positive attitude in learning and strengthening individual potential. Experienced and dedicated teacher with a love for educating the young surgeons and

dentists. Self- motivated and deeply committed in creating a dynamic and supporting learning environment. Skilled at implementing a challenging and successful oral surgery program in line with the national curriculum. Motivates student behaviour through positive and forward thinking approaches. Well-adapted in creating a comprehensive and well-rounded knowledge filled atmosphere that meets the educational requirements and standards. Able to act as a facilitator of powerful learning experiences, while allowing students to dictate certain lessons and lead with curiosity. I have a proven track record of getting exceptional results by giving appropriate feedback, encouragement and assistance to students. Effectively relates to students of diverse backgrounds and tailors teaching methods to suit their needs. Familiar with many renowned educational philosophies. Aims at supporting students academically, emotionally, and socially. Organised and detail oriented in relation to planning educational activities. Exceptional people skills with staff, students and other medical professionals. Possesses degree of patience and honed conflict management skills, able to resolve issues in a considerate and professional manner. Enthusiastic about engaging learning experiences with upcoming technology. Creates engaging education plans and integrates technology to drive retention, comprehension and participation. Bringing forth dedication, skill, and the desire to positively impact the lives of the young surgeons and dentists in a meaningful and exciting way.
