## DENTAL EDUCATION RESEARCH SUMMIT- II Transforming Dental Care Through Research & Innovation DMER-GDCH

### **DMER**

Established on May 1, 1970, the Directorate Of Medical Education and Research [DMER] serves as a pivotal organization overseeing 67 institutes, including Government Medical and Dental Colleges, Teaching Hospitals, and Health Units across the state. Committed to achieve excellence in academics and fostering knowledge driven healthcare ecosystem.

### GDCH, CHH. SAMBHAJINAGAR

Reputed Govt. Dental Institute in Marathwada region of Maharashtra. The college was established in 1982-83 to fortify weakest section of the nation. The institute fosters excellence in Dental education, research, patient care and blends cutting edge technology with hands on clinical experience. It is affiliated to MUHS, Nashik and approved by DCI, Govt. Of India.

### MAHARASHTRA STATE DENTAL COUNCIL

The Maharashtra State Dental Council is the statutory body created as per the provision of section 21 of the Dentist Act, 1948 with an object to regulate the profession of Dentistry.

### <u>IDA , CHH. SAMBHAJINAGAR</u>

It is a premier national association of dental professionals. It holds periodical meetings and conferences for its members, conducts Continuing Dental Education programmes, dental camps etc. and also endeavours to promote the highest ethical and professional standards among its members through various activities and training programmes for dental professionals..

Organizing Chairperson Dr. Maya Indurkar

Organizing Secretary
Dr. Seema Pathak

### DENTAL EDUCATION RESEARCH SUMMIT- II Transforming Dental Care Through Research & Innovation DMER-GDCH

### **Aims and Objectives:**

- ➤ Provide a platform for dental professionals, educators, and researchers to share and discuss the latest developments in dental education, clinical practices, and research innovations.
- ➤ Encourage collaboration between various dental specialties and research institutions to advance comprehensive oral healthcare.
- ➤ Equip dental practitioners, educators, and students with advanced skills and knowledge that can be implemented in clinical settings and educational environments.
- Address the global challenges in dental education and research, aiming to raise the standards of dental practice and teaching on an international level.
- ➤ Promote the integration of research findings into clinical practice and dental education, ensuring that the latest evidence informs patient care and teaching methodologies.
- > Facilitate networking among dental educators, researchers and clinicians from various institutes, to build long-term collaborations and partnerships.
